

**State Organization “Institute of Market and Economic&Ecological
Researches of the National Academy of Sciences of Ukraine”**

**Summary of the implementation of scientific research results
“Development of property relations in recreational and tourist nature
use of coastal regions of Ukraine”**

(№0116U000411, performance period: 01.01.2016 – 31.12.2018)

Based on the results of applied developments, positive feedback and implementation information were received, in particular:

1. The Department of Ecology and Natural Resources of the Odesa Regional State Administration (outgoing letter No. 7281/06-21/5510 dated 18.12.2018) positively assessed the scientific report «*Methodological Principles for Harmonizing Interests and Resolving Conflicts regarding the Appropriation of Natural Recreational Resources*». It was noted that the developed proposals for harmonizing interests and resolving conflicts regarding the appropriation of natural recreational resources will be used in planning preventive actions and measures regarding the use of recreational resources and territories and forming a package of management decisions regarding the prevention of conflict situations around valuable natural ecosystems.

2. The Department of Ecology and Natural Resources of the Odesa Regional State Administration (outgoing letter No. 4233/05-45/3420 dated 30.07.2018) positively assessed the scientific report «*Trends in the Development of Administrative Management of Recreational and Tourist Nature Use in Domestic and International Practice*». It was noted that the proposed proposals on methodological approaches to ensuring the standardization, assessment of recreational and tourist resources and determining the amount of damage caused as a result of violation of environmental legislation are relevant and useful. These proposals will lead to the determination of the direction of development of recreational and tourist territories of the Odessa region, taking into account alternative types of economic activity and will be taken into account in the future in the work of the Department of Ecology and Natural Resources of the Odessa Regional State Administration.

Scientific Supervisor of the research:

Head of the Department of Economic
Management of Natural Resources,
Institute of Market and
Economic&Ecological Researches
of the National Academy of Sciences of Ukraine,
Senior Researcher, Doctor of Economics

Antonina MARTIENKO
