the topic "Formation of innovative development strategies for regions of
Ukraine based on glocalization (using the example of Odessa region)",
implemented under a grant from the NAS of Ukraine to research
laboratories/groups of young scientists of the NAS of Ukraine for conducting
research in priority areas of development of science and technology**

(Registration No.0118U100246, performance period: 10/16/2018–12/28/2019)

Significance: lies in the fact that a specialized typical methodological support for the preparation and support of the implementation of innovative development strategies of the region has been formed. The expected additional increase in added value due to the implementation of the proposed approach, which provides for exemption from income tax on financial results reinvested by domestic enterprises for the purposes of innovative development, may amount to up to UAH 230 billion in the national economy, and the corresponding increases in social contributions and taxes will amount to about UAH 20 billion. with an expected increase in wage payments of up to UAH 27 billion.

Practical application: confirmed by the implementation acts of:

OECD dated 08/30/2019 No. 206, Ministry of Regional Development No. 8/31.3/302-19

dated 02/13/2019, Odessa Regional State Administration No. 02.1-15/141 dated

01/21/2019, Association of Ukrainian Cities No. 38 dated 06/27/2019.
