

**State Organization “Institute of Market and Economic&Ecological Researches of the National Academy of Sciences of Ukraine”**

**Summary of the implementation of scientific research results**

**“Institutional and economic mechanisms for ensuring the competitiveness of water transport in Ukraine”**

*(Registration No.0121U108151, performance period: 01.01.2021–31.06.2023)*

**Based on the results of applied developments, positive feedback and implementation information were received, in particular:**

**1.Ministry of Infrastructure of Ukraine** (letter No.15427/46/10-21 dated 23.11.2021 ) positively assessed the scientific report *“Models for optimizing freight transportation by water transport based on its competitive advantages”*, it was noted that it is relevant and meets the objectives of creating an effective system for improving the competitiveness of water transport in Ukraine. The Ministry of Infrastructure considers it expedient to use the proposals of these scientific recommendations in its work and in work of its subordinate enterprises.

**2.Department of Maritime, Transport Infrastructure and Communication of the Odessa Regional State Administration** (letter No.295/01-13/729 dated 13.12.2021 ) positively assessed the scientific report *“The Scientific and Applied Principles of Diagnostics of the level of Competitiveness of Water Transport Enterprises”*, it was noted that the materials can be used for the competitiveness evaluation of water transport enterprises.

**3.Department of Maritime, Transport Infrastructure and Communication of the Odessa Regional State Administration** (letter No.296/01-13/731 dated 13.12.2021 ) positively assessed the scientific report *“Conceptual provisions for building a mechanism for achieving competitive advantages by water transport in Ukraine”*, and it was noted that the results of it can be used in the implementation of domestic and intergovernmental projects within the framework of the Odesa Region Development Strategy until 2027.

**4.Department of Maritime, Transport Infrastructure and Communication of the Odessa Regional State Administration** (letter No.294/01-13/730 dated 13.12.2021 ) positively assessed the scientific report *“Economic justification of the competitive strategies profile of inland waterway transport”*, it noted that the results provided can contribute to the development of a system of strategic recommendations for the formation of a competitive strategy that will allow positioning the inland water transport of Ukraine on the European market of transport services in the context of European integration.
