Sciences of Ukraine»**

Summary of the implementation of scientific research results

**3.1.8.77/Б «Ensuring cohesion and stability of development of regional
economic systems in Ukraine»,**

(Registration No.0122U002378, performance period: 01.01.2022 - 30.06.2024)

**1. Ministry of Development of Communities and Territories of Ukraine,
Directorate for the Development of Local Self-Government and Administrative-
Territorial Organization:**

- Scientific report: *“Budget Equalization Systems in the Countries of the Organization for Economic Cooperation and Development”* (letter No. 7/34/9257-22 dated 12.26.2022) was used in the practical work of the Directorate for the Development of Local Self-Government, Territorial Organization of Power, and Administrative-Territorial Organization of the Ministry of Development of Communities and Territories of Ukraine when working out measures for the implementation of budget equalization in the conditions of post-war recovery.

- Scientific report: *“Determinants and Priorities for the Implementation of the Goals of Regional Economic Systems Cohesion in the Conditions of Post-War Recovery of Ukraine”* (letter No. 9/313 dated 12.23.2022). The determinants of increasing the economic cohesion of regions and communities in modern conditions have been updated. Following the tasks of programs No. 1-10 of the Recovery Plan of Ukraine and goal No. 1 of the State Strategy for Regional Development of Ukraine for 2021-2027, priority areas for ensuring economic cohesion of regions and communities were determined, and used in the practical work of the Directorate for the Development of Local Self-Government, Territorial Organization of Power, and Administrative-Territorial Structure of the Ministry of Development of Communities and Territories of Ukraine in working out measures for the implementation of the State Strategy for Regional Development for the period 2021-2027 in the conditions of post-war recovery.

- Scientific report: *“Unresolved Problems and Ways to Further Implementation of Local Self-Government Reform in The Context of Cohesion Policy”* (letter No. 7/34/6827-22 dated 18.07.2022) The proposals set out in the report would be considered in the further normative work of the Directorate, namely in the field of reforming local self-government and territorial organization of power, taking into account the current state of affairs in the state.

- Scientific report: *“Conceptual Foundations of the Implementation of Cohesion Policy in Ukraine”* (letter No. 7/34/9578-22 dated 26.12.2022) Used in the practical work of the Directorate for the Development of Local Self-Government, Territorial Organization of Power, and Administrative-Territorial Structure of the Ministry of Development of Communities and Territories of Ukraine in the working out of measures for the implementation of the State Strategy for Regional

Development for the period 2021–2027 in the context of post-war recovery.

- Scientific report “*Priorities and Measures to Ensure Post-War Recovery and Cohesion of Economic Systems of the Ukrainian Danube Region in The Context of Cross-Border Cooperation*” (letter No. 9/311 dated 23.12.2022). Used in the practical work of the Directorate for the Development of Local Self-Government, Territorial Organization of Power and Administrative-Territorial Structure of the Ministry of Development of Communities and Territories of Ukraine in elaborating measures developing of the Ukrainian Danube Region.

2. The Ministry of Economy of Ukraine (letters No. 9/544 dated 13.11.2023) positively assessed:

- Scientific report: “*Institutional Mechanisms for The Development of Industrial Parks as Points of Economic Growth and Ensuring Cohesion*” and

- Scientific report “*Proposals for Improving the Institutional Support for the Development of Industrial Parks in Ukraine*”. The letter on the implementation of scientific research results states that the report results will be used by the Ministry in the direction of Investment Policy and International Investment Cooperation regarding investment attraction instruments.

The Ministry of Economy comprehensively supports the creation, functioning, and development of industrial parks in Ukraine. The provided research materials will be considered during the elaboration and finalization of draft legislative acts regulating the development of industrial parks.

3. Department of Economic Policy and Strategic Planning of the Odessa Regional State Administration positively assessed the scientific report: “*Mechanisms and Principles of Post-War Industrial Development of Regional Economic Systems Based on the Implementation of Cohesion Policy*” (letter No. 9/322 dated 26.12.2022), using it in the practical work of the Department of Economic Policy and Strategic Planning of the Odessa Region while working out measures to ensure the post-war industrial development of regional economic systems on cohesion principles.

4. Podilsk City Council of Podilskyi District of Odessa Region positively assessed the scientific report “*Measures for Implementing Consensus Technology in Regional Economic Systems in the Context of Cohesion Policy*”. In the letter No. 1109 dated 28.07.2023 on the implementation of scientific research results, it is noted that the executive committee of the Podilsk City Council of Podilskyi District of Odessa Region comprehensively supports the proposal to create software for the development of cooperation between communities.

5. Ukrainian Union of Industrialists and Entrepreneurs (letters No. 02-4-559 dated 15.12.2023; No. 415 dated 18.12.2023) highly appreciated:

- scientific report “*Institutional Mechanisms for The Development of Industrial Parks as Points of Economic Growth and Ensuring Cohesion*” and

- scientific report “*Proposals for Improving the Institutional Support for the Development of Industrial Parks in Ukraine*” – the letter on the implementation of scientific research results notes that the UIIE comprehensively supports the importance of increasing the efficiency of industrial park management companies and creating the conditions for industrial symbiosis.
